

# **Student Medical Information**

*Please ensure that this sheet is completed and returned to Rushall Farm (address at foot of page) to arrive before the date of your visit. Alternatively you can bring the completed form with you on the day.*

The John Simonds Trust (JST) undertakes to provide a safe environment for children to visit. However, in the event of an accident the responsibility for dealing with such an incident belongs to the school and the accompanying adults. Schools are advised to bring a qualified first aider and an adequate first aid kit with them on a visit (*please advise JST staff of who your first aider is on arrival*). All JST staff carry first aid kits and have been trained in basic emergency first aid. They will provide extra assistance if required. If you are happy for our staff to administer first aid in the case of an incident please sign below:

'We are prepared for JST staff to administer First Aid in the event of an incident necessitating such action.'

- School Name: \_\_\_\_\_
- Date of Visit: \_\_\_\_\_
